The complete online broker learning and assessment tool

In partnership with:

broker ASSESS™

Perfect for compliance bods. Not so great for pen pushers.

broker ASSESS is an automated online tool to establish, assess and track competence throughout your business.

Developed jointly by the CII and BIBA, in partnership with AXA, it is the industry leading system, used by more than 1,000 firms.

Through specific assessments it provides objective measures of employees' knowledge and understanding in line with FSA requirements.

Fortunately, broker ASSESS is so easy to use that no-one need worry about falling behind.

Nobody really likes being assessed, but you can at least make the experience relevant and worthwhile.

Reviewed and regularly updated, broker ASSESS is the most comprehensive training and competency system of its kind.

Being web-based, it's as accessible as it is accurate.

Which is also good news for managers, as it means it is equally easy to login and produce reports to track your teams and demonstrate how well they're doing.

This industry leading training and competency tool gives you these benefits:

- Devised by brokers, for brokers
- Automatic record-keeping
- Aids regulatory compliance
- Provides structured records of employee CPD
- Focused and cost effective learning
- Flexible competency assessment programme
- Continuously improved and updated with FSA requirements
- Simple to use and implement company-wide
- Helpful user guides and free training and support for system administrators
- Customer focused – development led by user groups

What the industry is saying about it...

“ We've used broker ASSESS for four years. The system covers the range of topics of interest to us and is sufficiently flexible to accommodate revisions to our approach. It's pleasing to see that broker ASSESS continues to evolve, deploying new units and developing new administrative structures and processes. ”

Peter Laws
Compliance Officer, Oxygen

“ We have used broker ASSESS for some years now and find it an excellent tool for training staff both on regulatory and technical matters. ”

Bob Plumtree ACII, Chartered Insurance Practitioner
Compliance Manager, W B Baxter Ltd

“ It was a very busy time getting ready for the FSA's TCF assessment. One area that was easy to evidence was training and competence, thanks to broker ASSESS. Within seconds, all the reports for the company's qualifications, CPD activity, training records and competency testing were collated and printed for the FSA. ”
